

- To borrow a book, click on a cover for more information, click **Checkout Now**, then **Save File**. Open the **OneClickDigital** Media Manager, click the **Refresh** button and your book should appear. Click **Play** to download the book.
- To borrow and listen to eAudiobooks from this collection using your mobile device**, go to the App Store (Apple) or Google Play (Android) and download the **OneClickDigital** app.

**ONE CLICK DIGITAL**

- Sign in with your Username and Password from Step 2. Use the menu at top left for **My Titles, Help**. Using your mobile device will allow streaming of audio file. If you wish to download, need to use **Media Manager** on PC then transfer to device.

Please be aware when downloading that an eAudiobook will consist of a much larger file than an eBook. Many Audiobooks are over 20 hours long. As a rough guide, a title with a duration of 18 hours is approximately 250 MB. You will find the duration under the **Information** tab for each book.

For more information and tutorials go to the **OneClickDigital** website (see step 1). At the top left, click on **Browse, Help**.

# eBOOKS & eAUDIOBOOKS

## Instructions for Apple and Android devices

NORTHERN  
BEACHES  
COUNCIL

northernbeaches.nsw.gov.au

1. Do you already have an Apple ID or a Google account? If so, go to 2. If not, to set up an Apple ID go to **Settings, iTunes & App Store**. Tap **Create new Apple ID**. Scroll to the bottom of the Terms and Conditions and tap **Agree**. Enter your email and create a password. **Make a note of your password!** If you have an Android device, go to your device's main **Settings** menu, under **Accounts**, tap **+Add Account**, select **Google**. Choose **New** and follow the instructions to add your account. **All Apple devices must have IOS 7.0 or later.**
2. Download the following free apps from the App Store (Apple devices) or Google Play (Android devices). (In the App store, enter **Axis 360**, **Wheelers** or **Borrowbox** in the search box at top RH corner; tap GET, tap INSTALL.)

**AXIS 360**

**ePLATFORM BY WHEELERS**

**BORROWBOX**

These apps give you access to three different collections of eBooks subscribed to by Mona Vale Library. You may borrow up to 3 books from each collection for 3 weeks.

3. Open each app. To find your library, enter the library name in the search box. For **Axis** enter **Mona Vale**, for **Borrowbox and Wheelers** enter **Pittwater**. Sign in with your Library card number (barcode) and your 6-digit PIN. Your library and login will be saved on your device.
4. Browse or search for books. (In **Wheelers** – tap **Library**; in **Borrowbox** - use the icons at the bottom of the page to browse for eBooks, Audiobooks or to see the books you currently have on loan.) For more information about a book, tap on the cover image. You can then see if a copy is available, and which format(s). The borrowing process for the three apps is slightly different:  
**Axis 360:** If a copy is available, tap **Checkout**. The book will download automatically.  
**ePlatform by Wheelers:** If a copy is available, tap **Borrow Now**, then **Read Now**. The book will download.  
**Borrowbox:** Tap **Borrow, Confirm Loan, Read Now**, for the book to download.
5. When reading books from any of the three platforms, tap on the middle of the page in order to see menus for settings and navigation. Tap again to remove the menus.
6. To return a book:  
 In **Axis 360** go to **My Stuff**, tap the title, tap **Return**. (Note that if you tap the **Remove** option, the book will be deleted from your device, but it will still be borrowed on your account.)  
 In **Wheelers** go to **My Shelf**, tap the title, **Return this title, OK**.  
 In **Borrowbox** go to **My Loans**, tap the title, tap **Return**.

If you return a book early it then becomes available for someone else to borrow. However your book will be automatically returned (removed from your “bookshelf”) after 3 weeks. (Note that there is no option to extend a loan in **Wheelers**.)

## To borrow and read books on your PC or laptop:

Go to the Mona Vale Library website at <http://www.pittwater.nsw.gov.au/library> and click on the eBooks image at top right.

**Axis 360:** Click on the green **Axis 360** logo, go to the **AppZone** (top left menu bar), click on **Download for Windows**. The **Axis 360** Setup file will be downloaded (this may take a few minutes). Run the Setup Wizard to install the **Axis 360 reader**. To return an item in this reader, hover the mouse over the title until the Info tab appears, click this, click **Return**.

**Wheelers:** Click on the logo, sign in, and choose a book. The procedure is the same as for a portable device. (see step 4)

**Borrowbox:** Click on the logo. Note that the **Borrowbox** start page shows both eAudio and eBooks. When you borrow an eBook you will be prompted to download and install the Adobe e-reader (Adobe Digital Editions). You will also be asked for an Adobe ID. This is a one-off process which authorises your computer to read DRM (copyright) protected material. Follow the prompts to set this up. To return an item from Adobe Digital editions, right-click on the title. For **Audiobooks**, simply save and unzip the audio files, which you can then play using an MP3 player such as iTunes or Windows Media Player. The audio download also includes a handy User Guide.

## To borrow and listen to eAudiobooks from OneClickDigital:

As well as the eAudiobooks available to you from the **Borrowbox** collection (see above), you can also borrow and listen to titles from **OneClickDigital**:

1. Go to the Mona Vale Library website at <http://www.pittwater.nsw.gov.au/library> and click on the Audiobooks image at top right. On the next page click on **Audiobooks Website**.
2. Click **Register** (top right) and type in your Library Card Number (**Username**) and 6-digit PIN (Password). Fill in your details and click **Register**.
3. **To listen to eAudiobooks from this collection on your PC** you will need to download and install the **OneClickDigital Media Manager**. From the **OneClick** Home page click **Browse, Help** to bring up the Support page where you will find download links for Windows and Mac.
